

**October 13, 2022**

Senior District Judge William Alsup  
San Francisco Courthouse, Courtroom 12 – 19th Floor  
450 Golden Gate Avenue, San Francisco, CA 94102

Senior Judge Alsup,

The settlement agreement that you are now reviewing (Case 3:19-cv-03674-WHA) provides preliminary approval for approximately 200,000 students from more than 150 schools and another 68,000 BDR claims that were improperly processed and would be fast-tracked by the Department of Education. However, hundreds of thousands of other students may have similar claims against their schools, but they are not reflected in the settlement.

For example, the University of Maryland Global Campus (UMGC) is one of the nation's largest universities. Below are listed 137 names of UMGC students (or prior students) that have expressed an interest and need to file a BDR claim and seek equal consideration with the existing student claimants covered in the settlement. For more background about this program and our effort to provide student loan fairness for ALL students, please see <https://www.collegeloanfairness.com/UMGC/>.

We note that this is just one example of one institution. By focusing on a select list of institutions and claims, the Department is limiting this simplified BDR discharge process and not providing all students equal opportunities.

We write to ask you to allow these UMGC students and all others that file a BDR claim to be treated equally.

Sincerely,

A handwritten signature in black ink, appearing to read 'Gerard Scimeca', is written over a horizontal line.

Gerard Scimeca Chairman, CASE
